

RECEIVED

JAN 14 2000

Department of Water Resources
Eastern Region

1999 Remarks
for Cub River District
13-A

July 2- River Head Gates Down

July 20- River dropped below 111.5 decreased rights

July 23- PW has 3.0 CFS in Middle Ditch, the rest is CRI

Starting July 12th PW sent CRI extra water, a total of 325.48 (24 hr sec ft.)
for the month of July. Conan Foster agreed to this.

August 1st- 16th

PWI sent CRI and extra water for a total of 154.79 (24 hr sec ft.)

This was approved by Conan Foster.

Contacted Regan Wheeler from Cub River Irrigation about Preston City's water, they were using more than their share of the river. Wheeler decided to let them use it, and not cut them their share.
